

TRACK NAME	COURSE LENGTH	COURSE DATES	COURSE LOCATION(S)	MAXIMUM CAPACITY	PRE-REQUISITES	PRE COURSE WORK	ONLINE START DATE	DEADLINE TO REGISTER	COURSE DESCRIPTION
<p>TRACK A:</p> <p>NFPA 1006 Passenger Vehicle Extrication</p> <p>BLENDED</p>	5 Day Course	September 3 to 7	Valhalla and Gary's Towing	16	NFPA 1001 Fire Fighter II or exterior seals certified with proof of FF II auto ex skills completed	YES	06-Aug-24	Friday July 5, 2024	This blended course has been designed around the Technical Rescuer Professional Qualifications as outlined in National Fire Protection Association (NFPA) 1006 (2021 Edition) Chapter 8 Awareness, Operations, and Technician level. The course guidance will provide you with a solid understanding of the requisite knowledge and skills required to successfully complete the Academic Standards and Evaluation (IFSAC/ProBoard) certification exam. Once you have successfully completed the theory portion of the course you will be eligible to attend the practical training. The practical training designed for this program is like none other; our commitment to your success in safety and your success is unprecedented.
<p>TRACK B:</p> <p>NFPA 1002 Apparatus Equipped with a Fire Pump (Chapter 5)</p> <p>BLENDED</p>	5 Day Course	September 3 to 7	Valhalla and Thunder Bay Training Centre	15	Valid DZ Licence	YES	23-Jul-24	Friday July 5, 2024	The Apparatus Equipped with a Fire Pump course meets the knowledge and Job Performance Requirements established by the National Fire Protection Association (NFPA) 1002 Standard for Fire Apparatus Driver – Operator Professional Qualifications Chapter 5, 2017 Edition. It offers a mix of classroom-based sessions, online self-directed learning, as well as practicums. Upon successful completion of this course, each student will understand and be able to demonstrate the operation of a fire department pumper from both a static and pressurized source of water. Provincial testing through the Academic Standards and Evaluation Unit with the Office of the Fire Marshal will be conducted at the conclusion of the course. Students that successfully complete the testing will receive certification.
<p>TRACK C:</p> <p>NFPA 1072 Hazardous Materials Operations</p> <p>BLENDED</p>	4 Day Course	September 4 to 7	Valhalla	20	NFPA 470 Hazardous Materials Awareness	YES	07-Aug-24	Friday July 5, 2024	The Hazardous Materials Operations course focuses on the recognition of a hazardous materials emergency, personnel safety, hazard assessment, and the notification of higher skilled emergency responders or technical response teams. Students will become familiar with the Emergency Response Guidebook (ERG) and learn about the mandate and authority of the Canadian Transport Emergency Centre (CANUTEC). Students will explore topics such as placards, containers, and materials involved; determine whether materials have been released, personal protective equipment (PPE), emergency decontamination, and the evaluation of the surrounding conditions. By collecting hazard and response information, students will develop a "risk-based response" plan. Hazardous Materials Operations will also include the sign off of National Fire Protection Association (NFPA) 1072 Chapter 5 Mission-Specific Sections PPE (Section 6.2) and Product Control (Section 6.6), 2017 Edition.
<p>TRACK D:</p> <p>NFPA 1041 Fire Instructor I</p> <p>BLENDED</p>	4 Day Course	September 4 to 7	Valhalla	12	None	YES	24-Jul-24	Friday July 5, 2024	This course prepares students to deliver training sessions effectively from a prepared lesson plan by analyzing and applying principles of adult education, assessing learner needs, planning lessons, and conducting evaluations. Particular emphasis is placed on the application of adult education principles in learning situations that involve fire department personnel, external agencies, and the public. In addition, students will learn to organize the learning environment with a focus on safety.
<p>TRACK E:</p> <p>NFPA 1033 Investigator</p> <p>BLENDED</p>	4 Day Course	September 5 to 7	Thunder Bay Training Centre	16	Intended for officers or firefighters with a minimum of five years of work experience	YES	24-Jul-24	Friday July 5, 2024	This blended course covers all investigative competencies associated with National Fire Protection Association (NFPA) 1033 Standard for Professional Qualifications for Fire Investigator, 2022 Edition, including Scientific Method, Origin and Cause, Scene Documentation, Scene Safety, Chemistry of Fire, Building Construction, and Scene Reconstructions. This course also provides in-depth instruction in all aspects of assessing and investigating fire scenes relevant to fire protection services and adheres to the NFPA 921 Guide for Fire and Explosion Investigations, 2021 Edition, which is the guide to fire and explosion and investigation.

<p>TRACK F: NFPA 1021 Fire Officer I BLENDED</p>	3 Day Course	September 5 to 7	Valhalla	20	NFPA 1001 Fire Fighter II	YES	25-Jul-24	Friday July 5, 2024	This course provides students with timely information that aids in their daily performance as a fire officer. Topics covered include roles and responsibilities, administration, accountability, cultural diversity, health and safety, human resource management, public relations, functional leadership, incident command, inspection and investigation, budgeting process, basic strategic planning, and basic strategy and tactics. The Fire Officer I course is intended for the frontline fire officers with a supervisory role.
<p>TRACK G: MLFTU Live Fire Attack</p>	3 Day Course	September 5 to 7	Valhalla	20	Must be Fit Tested & trained in the use and operation of PPE and SCBA	NO	N/A	Friday July 5, 2024	<p>This training session will cover JPRs listed in NFPA 1001 Standard for Fire Firefighter Professional Qualifications utilizing the Mobile Live Fire Training Unit. The MLFTU is a self-contained live fire trailer that allows fire departments to complete many NFPA 1001 Firefighter I and II, Ontario Seals, and Firefighter-Exterior requisite skills. The MLFTUs have a flexible configuration that includes four (4) propane-fire props (including a roll-over prop), pre-piped smoke generators, a pop-up second story, three (3) people-doors, several windows and interchangeable interior walls and doors to enhance the training experience. Skills include Laddering for rescue, fire suppression and ventilation, Door entry procedures, Hose management, Interior fire suppression, Exterior fire suppression, Search and Rescue, Radio procedures, and Operating within an Incident Management System (IMS).</p> <p>NOTE: You will be inspecting and donning your equipment on the first morning, where you will demonstrate competency to the instructor team. You must provide proof of having been successfully FIT tested to your SCBA and you will report each morning clean shaven.</p>
<p>TRACK H: Psychological First Aid</p>	2 Day Course	September 6 to 7	Valhalla	30	N/A	NO	N/A	Friday August 9, 2024	<p>This course equips learners in developing a personal understanding of the effects of stress, loss, trauma and grief on others, with emphasis on self-care and personal protection. Learners will be introduced to the Red Cross Look, Listen, Link, Live model – a resiliency-building approach to emotional, psychological, and social wellbeing that teaches learners how to support themselves and others to cope with the effects of various types of stress. The course uses primarily case-based learning and includes the latest evidence from the international community.</p> <p>Course Content includes: Introduction to Red Cross, Case Studies, Psychological First Aid, Operational Principles, Stress, Distress, Loss and Grief, Trauma, Indicators, Vulnerable Populations, Supportive Communication, Look, Listen, Link, Live, Resiliency and Protective Factors, Protection, Policies, Legislation, and Self-Care</p>
<p>TRACK I: Emergency Management - IMS 100</p>	2 Day Course	September 6 to 7	Valhalla	20	All registrants must create an account on the Emergency Management Ontario training portal and request enrollment in the IMS 100 course	NO	N/A	Friday August 23, 2024	<p>There are four training components to this track:</p> <ol style="list-style-type: none"> 1. Emergency Management 101 - An overview of emergency management theory and principles in Ontario as well as best practices for planning and response 2. IMS 100 - Introduction to the Incident Management System in Ontario 3. Planning and Response Considerations - A focus on how simple incidents can evolve to more complex incidents and how teams and communities can support both planning and response efforts, within a framework that discusses an "whole of community" approach 4. Table Top Exercise - The table top exercise will allow learners to walk through as a group all the concepts taught during the three training sessions
<p>TRACK J: The Warren Brinkman Leadership Track</p>	2 Day Course	September 6 to 7	Valhalla	50	N/A	NO	N/A	Friday August 23, 2024	<p>The Warren Brinkman Leadership Track will include the following:</p> <ol style="list-style-type: none"> 1. Content from the Ontario Association of Fire Chiefs Chief Officer 101 Program presented by members of the OAFB Board of Directors and the ENT Board or Directors. 2.
