

HALTON REGION TIERED RESPONSE AGREEMENT (TRA)

This Tiered Response Agreement (TRA) between Halton Region Paramedic Services, Halton Regional Police Service and the four Municipal Fire Services (Burlington, Halton Hills, Milton, and Oakville) within the Region of Halton authorizes the activation of tiered response to those conditions identified by the participants in this agreement as requiring it.

For the purpose of this agreement, tiered response is the response of more than one agency for emergency incidents. This agreement does not limit requests from agencies for secondary response/back-up from other agencies.

The Appendices to this agreement note the specified conditions requiring a tiered response. Appendix A outlines the broad categories for all agencies. Appendix B outlines allied agency response to medical calls. The specified conditions requiring a tiered response will be recommended by the Working Group to the Steering Committee - Appendix C. These conditions may be amended as agreed to by the TRA Steering Committee based on agency data to support the amendment.

Any agency in receipt of a request for service meeting the tiered response criteria will notify the appropriate Service(s) on a 90th percentile notification time target of no greater than 60 seconds from when the call is committed based upon the identified criteria.

All agencies are requested to provide response time data for cardiac arrest calls to Paramedic Services for public reporting.

In the event of a conflict or the need to clarify issues arising from this agreement, the parties agree that they will first attempt to resolve such issues at an operational level. Failing which and for any other purposes regarding this agreement the TRA Steering Committee will be convened to address the issue.

This agreement recognizes that each agency will determine, on an individual basis, resources available to assist other agencies when competing priorities **are** present. During emergencies declared under the Region's emergency plan or local municipal emergency plans, the declared emergency takes precedence and may preclude response to tiered response calls. Emerging infectious diseases may also require modifications to tiered response.

HALTON REGION TIERED RESPONSE AGREEMENT (TRA)

Appendix B is intended to be a “living document” and updated as required based on the methodology outlined by Paramedic Services in conjunction with the MPDS Medical Director. To address the situation where a Local Municipality may wish to have Fire Services respond to additional emergency medical calls, the Fire Chief, through delegated authority may identify MPDS determinants for fire response that are not included in Appendix B.

Notwithstanding the contents of this agreement, this document is intended solely as an operational guideline for tiered response. It does not constitute a legal agreement or establish binding standards.

The agreement should be reviewed on an annual basis to identify any alterations or modifications necessary in the agreement and/or appendixes to ensure that mutually agreed operational requirements are maintained as intended for local service levels.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

Described below are the terms and conditions of The Regional Municipality of Halton (the “Region”) transacting with you electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (“ERSD”), please confirm your agreement by selecting the check-box next to ‘I agree to use electronic records and signatures’ before clicking ‘CONTINUE’ within the DocuSign system.

Getting paper copies

You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents at any time. If you instead wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.20 per-page fee or such other fee allowed under the Region’s most current User Fees and Charges By-law. To request delivery from us of paper copies of documents previously provided by us to you electronically, you must send us an email to accesshalton@halton.ca and in the body of such request you must state your email address, full name, mailing address, telephone number and information about the signed document such as type of document, contact from Halton Region, timeframe of signing etc. We will bill you for any fees at that time, if any.

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, please confirm that you have read this ERSD, and

(i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or

(ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access.

Further, if you consent to receiving documents exclusively in electronic format as described herein, then select the check-box next to ‘I agree to use electronic records and signatures’ before clicking ‘CONTINUE’ within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- You consent to receive exclusively through electronic means all documents sent in this DocuSign envelope to you by the Region using the DocuSign software.
